

**MRFTI, LLC**

## COMMERCIAL PILOT CERTIFICATE COURSE

The Commercial Certificate Course is designed to teach you commercial flight maneuvers, aircraft systems, weather, navigation, gain a more complete understanding of the Federal Aviation Regulations and develop the skills and attitude necessary to be a proficient, safe pilot. The Commercial Certificate is earned by passing a check ride with an FAA-designated examiner. The Commercial Pilot Certificate Course will prepare you for this check ride.

**Requirements:** You must hold a Private Pilot Certificate with Instrument Privileges and be fully current with at least 230 hours total flight time to start this course. The FAA requires a minimum amount of 250 flight hours to qualify for this certificate. The average course completion time is around 25 hours. Additional instruction may be necessary depending upon the abilities of each individual student. We recommend students fly at least twice per week. For students who wish to pursue this certificate under F.A.R. Part 141, the 230 hours of total flight time prerequisite is not required. Pricing shown below is for a Part 61 program. Pricing for the Part 141 version of this course is available from our staff.

**Package Details:** Our packages, which are divided into stages, combine to include training materials and flight hours that you will need to complete the course. Purchasing a package locks-in aircraft rental and instruction rates for six (6) months from purchase date, although you will still be subject to an additional charge if you receive the Renter's Insurance discount price and elect to discontinue your coverage. If you complete the program in less time than offered in a package, the remaining funds are available for your personal use.

**STAGE 1 PACKAGE: \$2,634.50\***  
**Without Renter's Insurance: \$2,664.50\***  
*\$60.50 savings versus pay-as-you-go rates.*

- 10 Hours in a C-172
- 5 Hours in a C-172RG
- 15 Hours of Flight Instruction
- 4 Hours of Ground Instruction
- Jeppesen Instrument/Commercial Kit (\$300.00)

**STAGE 2 PACKAGE: \$1,825.50\***
